- A young colored man was drowned i Belo's pond Tuesday evening while bathing. A similar sad accident would have befallen another young man, a few days since, at the same place had it not been for the timely assistance rendered by one who was stand ing near by. We learn this is the third death from drowning in the same pond.

- Mr. Timothy Transou, father of Mrs L. N. Keith, of this city, died last Thursday at his home in South Fork Township, this county, at the advanced age of 76 years, 7 months and 11 days. "whose hearts beat as one.") About \$100 was the net amount realized.

-Norwithstanding the ery of hard times Winston still moves onward and upward. One firm of contractors, Messrs. Miller Bros., have received within the last week contracts for the following: Two stores, for D. H. King, to be built near Belo's pond : year. Colored Graded School building, two stories, 50x80 feet, near the Colored K. of L. Hall: dwelling house, seven rooms, for Thomas Wilson. There's nothing like lumber and nails, and brick and mortar to build a town.

-The contest of skill between the Wins ton and Salem Fire Companies on Monday evening was one of the attractions of the 4th and the people of both towns watched with eagerness the workings of both engines and companies, each doing creditable and \$4100 per mile; total valuation \$107,094, of praiseworthy work for near unto an henr. It was quite difficult to form a decision as to which was the better of the two. Suffice it to say that we feel proud of both fire departments who stand ever ready to serve our towns when duty calls.

George E. Nissen and J. C. Miller were aptowns when duty calls.

—Mr. D. D Shelton's many friends here
got up a petition a few days since, signed by
a large number of our people, and sent it to
Collector Graige at Salisburg for Mr. S's retention at the branch office here. This was
done without the knowledge of Mr. Shelton,
and in response to the wishes of his friends,
Mr. Craige, without hesitation, made a favorably reply, and they with Mr. Shelton
have the pleasure of knowing that he will
continue at the head of the Winston branch
office. Mr. S. is not only efficient but deserving of the place which he now holds.

Wurreschke, accompanied by his son Reinhalt left on the day appointel-Monday-for his annual tour through ITE IS OF Western North Carolina and the borders of Tennessee and Virginia "on foot." The Professor expects to "take in" this time all of the beautiful scenery in this part of the country, his tramp lasting six weeks or more. THE SENTINEL wishes for him a short pleasant and profitable journey. His wellwritten descriptive letters of his trip last summer close with this issue.

-The match game of base ball, played here Monday evening between the Wachovias, of Winston and the first nine of Kernersville, was witnessed by a large number of people. The game resulted in a victory for our home club, the score standing 16 to 8. The Wachovias played for the first time in their new uniform suits and presented a very handsome appearance. Both clubs did some creditable playing but the Wachovias proved themselves to be more than a match for the visiting club. Walker, of Kernersville, led his club in batting, while Wade and Jones led for the Wachovias.

Twin-City Hospital. A large number of ladies of Winston-Salem met at the residence of Mrs. H. T.

A Rare Flower. Mr. S. Starr, the florist, has among his election of flowers, a night blooming cereus, which is somewhat rare in these parts and presents a most handsome appearance. It only requires about two hours to open, beginning at six o'clock in the evening, but as the morning dawns it withers and passes into obscurity until another bud puts forth. The flower is attracting the attention of a number of our people who delight in taking an evening walk to Mr. Starr's residence to look upon what each terms "more than beautiful." A gentleman who has just returned from Lexington tells us that Mr. A. C. Hege, of that place, has a similar

A rich and rare musical entertainment will be given in Brown"s Opera House tonight (Thursday) by the child, Henry Graves Easley, for the benefit of the Twin-City Hospital. GOSSIP FROM GREENSBORO.

Breezy Batch of News from the "City of Flowers.'

Special Correspondence of The Sentinel. GREENSBORO, July 4. -To day is "the glorious fourth," but if you were here you would never know it as Greensboro has either "got other fish to fry" or else there are too many unreconstructed rebels here to get up much of a hurrah over the glorious republic, and I guess it must be the latter. for Greensboro never did have a "fourth of July" to my recollection, but always picks herself up and goes off out of town to somebody else's pow-wow, and the result is our city annals have nothing to show from year | bear's dinner. to year but an inglorious blank between the 3rd and 5th of the month. We generally send you a good delegation to Winston on this occasion and you ought to have had your reputation program this year for our especial accommodation, as a good many of our people wanted to go, several having asked me if you were going to have any lemonstration up there. As it is, all our patriotic dynamite will be let off at Gernanton to day, to which place an excursion goes this morning, carrying the Greensboro Cornet Band, a batallion of orators, etc.

The metropolitan airs that this town is putting on just at present are something sublime to look upon. Somehow it has gotten out and is floating around in the atmosphere that there is

A BIG FUTURE FOR GREENSBORO just ahead, and in fact all the evidence certainly points that way. New people are oming here, the production is increasing, real estate is appreciating, there are no vacant stores or dwellings here, building is going on on a more extensive scale than ever before, Railroad facilities already of the best are increasing, the attention of people and of the press at a distance is now turned toward the place more than ever before, we have a city board of twelve aldermen who understand their business and we are putting on city style accordingly. For instance, we passed an ordinance the money arrived in Salisbury last week to other day prohibiting brass bands from playing on the street without a special permit from the Mayor, two or three runaways having been caused by two colored bands discoursing melody on the street at the same

THE TOBACCO CONVENTION held here Saturday to decide upon a time and place for a State Convention of the Tobacconists of North Carolina was attended by a good crowd, delegates being present from Raleigh, Durham, Henderson, Reids ville and other points. For the past week or two, it has been unusually dull about town, the farmers all being so busy with their harvesting that they haven't got time to come to town. The wheat crop is reported better than any since the war, and the starving country can certainly stand the biggest dispensation in the way of a crop that is a mind to come along just now.

On the Wing.

Correspondence of The Sentinel. ARCHDALE, Randolph County, June 27. Wheat harvest is over and there is a

broad grin of satisfaction on the faces of the farmers of this section. Corn is looking well-the fruit is ripening and seems to be abundant and delicious, and even the melon crop promises to be a success this summer.

Archdale is enjoying its summer vacation,
or rather rest. It is quiet—not much news afloat; business pretty active, though—the sash and blind and shuttle factory is in full blast—the teams still perform their daily journey down into Randolph for lumber. D. M. Petty and M. Hammond, proprietors, are active men and do not allow their businesses.

ness to push them—but always push it.

The spoke and handle factory and saw mill of this place, which has been idle so long, has been purchased by Dr. J. M. Worth, and will soon add additional life and energy to this pretty little village nest-ling among the hills.

The Randolph shoe factory still flourish-eth. Rev. J. R. Jones still edits the Prohi-

bition Leader with ability, filling it with solid facts, and Messrs. Lotlin and White manage to print it weakly.

cured by taking Ayer's Sarsaparilla. \*I have always been more or less troubled with Scrofula, but never seriously until the spring of 1882. At that time I took a severe cold in my head, which, notwith-standing all efforts to cure grew worse, and finally became a chronic Catarrh. It was accompanied with terrible headaches, deafness, a continual coughing, and with great soreness of the lungs. My throat and stomach were so polluted with the mass of corruption from my head that Loss of Appetite, Dyspepsia, and Emaciation totally unfitted me for business. I tried many of the so-called specifics for this disease, but obtained no relief until I commenced taking Ayer's Sarsaparilla. Of this medicine, I noticed an improvement in my condition. When I had taken six bottles all traces of Catarrh disappeared, and my health was completely restored.—A. B. Cornell, Fairfield, Iowa.
